Your community is designated by the Pennsylvania Department of Environmental Protection as an MS4 - Municipal Separate Storm Sewer System and must maintain an NPDES Permit (National Pollutant Discharge Elimination System). The primary goal of this program is to improve stormwater runoff quality, which impacts streams and rivers in the community.

One thing that the public can do to help prevent Stormwater Pollution is to never dump pollutants into a storm sewer inlet, drainage ditch or basin. This includes paint, chemicals, detergents or petroleum products, as well as grass clippings and leaves. These facilities drain directly to the local streams and dumping anything other than stormwater causes pollution that is harmful to the aquatic life and pollutes the waters which we use for recreation.

When nature calls, make sure you pick up. Clean up after your pet

Did you know that pet waste has bacteria that makes our streams and creeks unsafe for swimming and other recreational activities? Most of us pick up after our pets to be a good neighbor and keep our yard clean. But there's another important reason to clean up after our pets. Pet waste contains bacteria that is harmful to our water. An average size dog dropping contains 3 billion fecal coliform bacteria and other pathogens that could be a health hazard! Leaving it on the sidewalk or in the yards means that harmful bacteria can get washed into storm drains and roadside ditches that flow directly into our streams and creeks untreated. Noting that 40% of households have a dog, you can imagine the potential problems if all, or even a portion of that amount of waste ended up in our surface waters that are being used for recreational and other purposes. So, what can you do? Simple. Whether you are in your yard or on a walk, dispose of your pet's waste promptly in the trash or toilet to prevent it from entering storm drains and roadside ditches. Pick up after your pet...and help keep our water clean.

The Recreation Board serves as a fun and dynamic hub for community engagement, offering a range of activities and events. They work hard, please come out, enjoy and support what they do!

Seniors and homebound Veteran's call the Borough to be put on our list for home delivered meals every Friday.

- DO NOT SHARE YOUR PASSWORD
- IF YOU ARE SAD, SCARED, OR CONFUSED SPEAK TO A TRUSTED ADULT
- BE KIND STAY SAFE

Identifying a Scam:

When receiving phone calls or email, consider this:

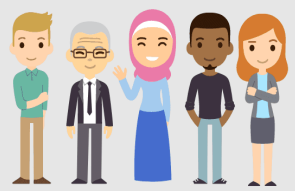

- How are you being told to pay?**
Legitimate businesses will NEVER demand crypto, gift cards, or cash via transfer apps to settle a debt! **Hang up or delete!**
- Are you being threatened?**
Legitimate businesses will NEVER threaten arrest or deportation if you don't pay them. Neither will the government. **If they do, they're lying!**
- Is it urgent? Emotional?**
Scammers use urgency and panic while making victims believe they or a family member will be harmed financially if they don't act immediately. **It's a scam!**

Watch Out For:

- Emails with misspelled words, bad grammar.
- Phone calls about jury duty (courts will never contact you by phone regarding jury duty).
- Phone calls/email about student debt forgiveness, extended car warranties, and "free trial" products or services.
- Attempts to collect mysterious debts.

Everyone's a target:

In 2022, 2.4 million American's filed fraud reports with the Federal Trade Commission. (ftc.gov)

Did You Know?

Last year, Americans reported losing nearly \$8.8 billion dollars to financial fraud. Up 30% since 2021! (ftc.gov)

Easy ways to stay safe.
#crimepreventionisEVERYONESbusiness.

- Ensure windows are closed and locked, especially on the first story
- Leave outside lights on at night
- Keep garage door closed and lock interior door to house
- Use motion lights and security cameras
- Plant shrubs with thorns near windows and fences to deter burglars
- Limit places someone can hide. Keep shrubs less than 2 feet tall and leave 6 feet of space open below your tree canopy.
- Use an USPS approved mailbox with a lock or mail checks directly from the post office
- Shred personal information and breakdown boxes. An empty box of an expensive item advises what's inside your home.
- Use an USPS approved mailbox with a lock or mail checks directly from the post office
- Keep Locked! Remove valuables including keys, wallet and guns

remove standing water

Mosquitoes breed in standing water. Remove or regularly drain stagnant water like puddles, pet bowls, bird baths, or anything that holds more than an inch of water - this will help reduce mosquito populations around your property.
